

# Rising Freshmen Registration Information

*Rising freshmen who are **not** enrolled in the Coker County School System must contact Counseling Dept. for enrollment process*

Parents and current 8th grade students are invited to attend our **Rising Freshmen Family Evening** at Cosby High School to meet faculty/staff, tour the school, learn about various programs and receive general high school information. The Rising Freshmen Family Evening is determined annually and will be noted in the registration paperwork below.

For your convenience, we have listed links to some of our registration materials below to better assist parents and students in the freshmen registration process. The elementary school counselor at each of our feeder schools will be distributing registration paperwork and confirming registration appointment times at each elementary school.

Sign-up for the Remind App for your graduating Class Year, to receive high school info and updates!
